Dear NYSAR members,

NYSAR has produced a short video introduction encouraging you to view the new NAR production, “Bias Override: Overcoming Barriers to Fair Housing.” Because bias of any sort can be applied without intending it, NYSAR feels strongly that every REALTOR® needs to view NAR’s thoughtful presentation on the topic. Please, take a look at NYSAR’s video below, and then take some time to view NAR’s in-depth video which offers strategies to override bias in order to convey respect, ensure fairness and improve relationships.
